[Issued patents](#)

[Applications](#)

[APPLICATION] [Secure electric anti-theft device](#), anti-theft system comprising one such ...

US Pat. 10524654 - Filed Aug 21, 2003 - THOMSON LICENSING S.A.

So if V is indeed the identifier of the **watchdog device** 46, G=A or G2=AV mod n.

... and means for **disabling** the electrical **device** if the **watchdog device** ...

[Watchdog timer that is disabled upon receiving sleep status signal from ...](#)

US Pat. 6523126 - Filed Oct 18, 1999 - Intel Corporation

If the **watchdog** timer is not reset, the **device** utilizing the **watchdog** timer ...

There is no longer concern over one **device** shutting down or **disabling** when ...

[APPLICATION] [Watchdog device operation](#)

US Pat. 10196781 - Filed Jul 17, 2002 - ADC Telecommunications Israel Ltd.

[0018] In providing the hardware strobe 225 to the **watchdog device** 210, there is no indication whether the software application is operating normally. ...

[Balloon device for lowering space object orbits](#)

US Pat. 6830222 - Filed Mar 21, 2003 - Global Aerospace Corporation

When the **watchdog** timer reaches some predefined value, then the orbit-lowering **device** 300 will deploy **automatically** and de-orbit the now derelict space ...

[Multiple output power supply that configures itself to multiple loads](#)

US Pat. 7274175 - Filed Feb 16, 2006

If there are no problems in the received response (step 113), ... 17 is a diagram of an electrical **device** 3 that includes a **watchdog** timer 91 and a ...

[Methods and apparatus for disabling a watchdog function](#)

US Pat. 5649098 - Filed Nov 14, 1995 - Maxim Integrated Products

5 is connected to external circuits or **devices**. If the pin is Referring now to FIG. ... As a further example, there are **watchdog** function is enabled, ...

[APPLICATION] [Mobile device with a smart battery](#)

US Pat. 11549461 - Filed Oct 13, 2006

When the **watchdog** counter hits zero, the mobile **device** 100 is reset and the mobile **device** 100 restarts. However, if an operation has to be performed that ...

[APPLICATION] [Terminal control device of vending machine](#)

US Pat. 10912223 - Filed Aug 6, 2004 - Sanden Corporation

[0031] If the switch 101 stays ON, there is no possibility that the CPU is reset ... by the main control **device**, an interrupt handling signal by a **watchdog** ...

[APPLICATION] [Battery pack authentication for a mobile device](#)

US Pat. 11549383 - Filed Oct 13, 2006

When the **watchdog** counter hits zero, the mobile **device** 100 is reset and the mobile **device** 100 restarts. However, if an operation has to be performed that ...

[Signalling device and communications system](#)

US Pat. 6771163 - Filed Sep 16, 2002 - Linian Research and Development Company PTY LTD
